

Prefabricated AST Solarabsorber - Pricelist 2015

AST prefabricated solarabsorber units consisting of AST solar absorbers 120/10, produced of high quality EPDM, including connecting collector tubes. For an optimal function of the solar absorber facility we recommend a solar surface of approx. 50 – 70 % of the pool surface.

(applies for solar absorber facilities up to approx. 50 m², for larger sizes please contact our AST technicians for appropriate dimensions).

Prices plus tax, ex works.

Scheme

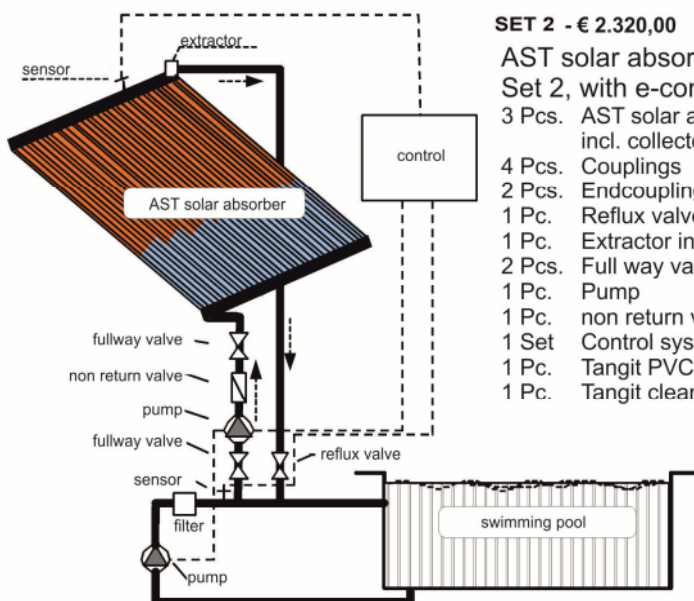

SET 1 - € 1.930,00

AST solar absorber unit 18 m²

Set 1, consisting of:

- 3 Pcs. AST solar absorber units 0,96x6m incl. collectorpipes 50 mm
- 4 Pcs. Couplings
- 2 Pcs. Endcouplings
- 1 Pc. Reflux valve
- 1 Pc. Extractor incl. band clamp
- 1 Pc. non return valve incl. discharge valve
- 1 Pc. Tangit PVC glue 250 ml
- 1 Pc. Tangit cleaner 125 ml

Scheme

SET 2 - € 2.320,00

AST solar absorber unit 18 m²

Set 2, with e-control, consisting of:

- 3 Pcs. AST solar absorber units 0,96x6m incl. collectorpipes 50 mm
- 4 Pcs. Couplings
- 2 Pcs. Endcouplings
- 1 Pc. Reflux valve
- 1 Pc. Extractor incl. band clamp
- 2 Pcs. Full way valve
- 1 Pc. Pump
- 1 Pc. non return valve incl. discharge valve
- 1 Set Control system incl. sensors
- 1 Pc. Tangit PVC glue 250 ml
- 1 Pc. Tangit cleaner 125 ml

AST accessories for installation:

€/pc

AST 0297	Adhesive to glue the AST solarabsorber on the roof Needs: approx. 1 cartouche (pc.) per m ² Absorberarea	8,10
AST05015	AST solar absorber fixing bar set consisting of black, UV resistant unplasticized PVC. Needs: 1-1,2 lfm/m ² Absorberarea Price: each m	5,80
AST0618	Pipe coupling PVC black , DA 50 tube connecting for the solarabsorber units (1m) - for each absorber facility 2 couplings	2,10
AST0288	End pipe coupling PVC black , DA 50, - for each absorber facility 2 ends	2,90
AST01769	Tangit PVC glue 250 ml	12,00
AST01770	Tangit PVC cleaner 125 ml	7,50
AST03206	Drain-Valve incl. Band clamp 50-1/2"	14,00
AST01024	Mechanical extractor incl. band clamp 50-1/2"	79,00

AST accessories - electronic control for optimal use of energy

€/pc

AST04536	Temperature control AST-TR021 , consisting of: electronical temperature difference control with digital display, incl. 2 sensors und thermometer well (brass chromized) and 2 band clamps 50-1/2"	150,00
AST0232	Pump CM 3 pool suitable centrifugal pump (blade wheel made of high-grade steel), with mounting plate, 530 W, 220 V/50Hz, connection: intake side axial 5/4" it, outlet side radial 1" it	345,00

additional AST accessories

€/pc

AST01772	three-way-valve manual , incl. Gasket ring DA 50	41,90
AST01773	three-way-motor-valve , DA 50, 230 V	475,00
AST01774	reflux valve , DA 50, tempertature resistant up to 60°C	14,50
AST01776	non-return valve , DA 50 incl. discharge valve	43,50
AST01774	full-way valve , DA 50, (reflux valve 1 pc., full-way valve 2 pcs.)	14,50
AST0287	angle PVC 90° , DA 50, black	2,50
AST01778	angle PVC 45° , DA 50, black	3,10
AST01500	tube PVC , PN10, DA 50, black, per m, min. purchase 5 m	5,50
AST01254	repair kit , 10,5mm, 2 clips + 1 insert	1,20

prices plus tax, ex works

Prices for larger absorber units, spezial sizes and installation on demand.
